Customer Success Report

Volunteer Management Software Category

Volunteer management software assists these organizations to find and manage volunteers. Considering that volunteers are not required to contractually commit for a particular time period to work with nonprofits, these foundations need to ensure they have a big enough volunteer pool who can support them in a motivated manner. Each unit of a nonprofit can utilize volunteers, therefore it is essential to find suitable persons for the activities.

With volunteer management software, you can efficiently manage volunteer information like contact details, interests, skill sets, availability, and causes they are interested in. The system offers portals for volunteers to sign up for a generic team or for specific programs and activities. You can match volunteers with open programs based on their profiles and delegate them to the right department or team. The platform empowers you to track volunteer efficiency and activity, and interact with loyal volunteers.

Customer Success Report Ranking Methodology

The FeaturedCustomers Customer Success ranking is based on data from our customer reference platform, market presence, web presence, & social presence as well as additional data aggregated from online sources and media properties. Our ranking engine applies an algorithm to all data collected to calculate the final Customer Success Report rankings.

The overall Customer Success ranking is a weighted average based on 3 parts:

CONTENT SCORE

- ✓ Total # of vendor generated customer references (case studies, success stories, testimonials, and customer videos)
- ✓ Customer reference rating score
- ✓ Year-over-year change in amount of customer references on FeaturedCustomers platform
- ✓ Total # of profile views on FeaturedCustomers platform
- ✓ Total # of customer reference views on FeaturedCustomers platform

MARKET PRESENCE SCORE

- ✓ Social media followers including LinkedIn, Twitter, & Facebook
- ✓ Vendor momentum based on web traffic and search trends
- ✓ Organic SEO key term rankings
- ✓ Company presence including # of press mentions

COMPANY SCORE

- ✓ Total # of employees (based on social media and public resources)
- ✓ Year-over-year change in # of employees over past 12 months
- ✓ Glassdoor ranking
- ✓ Venture capital raised

Award Levels

MARKET LEADER

Vendor on FeaturedCustomers.com with substantial customer base & market share. Leaders have the highest ratio of customer success content, content quality score, and social media presence relative to company size.

TOP PERFORMER

Vendor on FeaturedCustomers.com with significant market presence and resources and enough customer reference content to validate their vision. Top Performer's products are highly rated by its customers but have not achieved the customer base and scale of a Market Leader.

RISING STAR

Vendor on FeaturedCustomers.com that does not have the market presence of Market Leaders or Top Performers, but understands where the market is going and has disruptive technology. Rising Stars have been around long enough to establish momentum and a minimum amount of customer reference content along with a growing social presence.

MICHELLE MCCONNELL
CORPORATE RELATIONS SPECIALIST, EXELON

“Bonterra Grants Management created a one-stop location where we can easily view every step of the process and centrally manage all of our data. Having alternate approvers within the workflow has also made such a difference for our team. For example, if someone is on vacation or leaves the company, an application gets automatically rerouted to another reviewer.”

BILL SCHWARZ
DIGITAL PRODUCT OWNER AND PROGRAM MANAGER, SANOFI

“It's clear to me that [Bonterra Grants Management] systems and capabilities are going to enable our philanthropy and volunteers to deepen their impact, innovate, and generate more change in the communities we serve. A fantastic partner!”

“We had a really in depth rubric. And we had multiple women of different backgrounds read each application as a way to help us eliminate some bias, and get diverse perspectives thinking about each of the applicants. We don't have a GPA threshold. We're about tearing down some of those barriers. We were looking for participants that hadn't had an experience like this before, for whom it would really be a game changer. For whom it might be their first opportunity in this world.”

ERICA LIEPMANN
FOUNDER, READY TO LAUNCH

“[Lison has] been really helpful in giving me ideas on how to structure things, and also how to move forward in engaging the supporters and volunteers who are really crucial to our organization. It's made reaching our overall goals a lot easier, especially in understanding who our supporters are and the topics they're interested in.”

ELIZABETH NUGRAHA
AMNESTY INTERNATIONAL

“We've been NationBuilder customers for over a decade and it's something we use pretty much every day. So when I was asked to help on this campaign, one of the first things I said was that we needed NationBuilder for this campaign. It's crucial to have that level of organization when you're trying to mobilize that many people.”

MARISA GARCIA
ACTIVISM DIRECTOR, MOVE LA

“We were starting the movement from the ground up. From very poor neighborhoods, getting in-person with people, going door-to-door, gaining contact info - from there we were building up a database. The database function for NationBuilder is quite good to keep it all manageable.”

“The “Reporter” software program we use here at the East Bay Volunteer Center has been such a gift to have as a resource, not just for me, but for the business, too. It is so easy to use. I am not a computer person. It’s a thrill to have this user friendly software. Also regarding the technical support, they are so available, so friendly, and they speak English. I appreciate that the tech support always picks up on the first or second ring, they are quick, friendly, and immediately know how to take care of what ever I am trying to prepare. No matter what it is: special reports, spreadsheet information, filtered mailing lists or anything else.”

KAY SCHROEDER
THE VOLUNTEER CENTER

“We use Volunteer Reporter and have been extremely happy with the program and technical support. We have been using Volunteer Reporter for about 3 years now. All reports and statistics we generate with Reporter coincide with the needed documentation for reporting in grants, FSR’s, etc. Also, we are given regular upgrades, so the program is constantly improving itself. The support team has always been very friendly and helpful to resolve any problems. We also love that workstation managers can enter their own hours via our website using the Web Assistant feature in Reporter.”

JULIA TRAWEEK
PROGRAM DIRECTOR, RSVP AND VOLUNTEER CENTER

“Volunteer Software from Missoula, Montana has an excellent software package called The Volunteer Reporter. I have it and a number of other Minnesota projects are purchasing it. I love the Reporter! It runs through Windows and is very user friendly. Unlimited report capabilities, even Impact Statements. Try it.”
