Customer Success Report

## Emergency Mass Notification Software Category

Emergency mass notification software is utilized to implement emergency planning and risk management strategies. It helps to improve service, workflow, and communication while tackling emergencies. Organizations deploy this platform to prepare for any emergency or event that could stop business operations. With this solution, you can mobilize teams, share info, and send out mass notifications to expedite emergency response and avoid operational disruptions.

Your company can personalize emergency notification software for its needs and requirements. Plus, these tools integrate with or provide GIS features that help to create documents and maps to be used for visual assistance during crises. Emergency notification software encrypts sensitive info, allows two-way messaging, and pushes out mass notifications to numerous devices in several locations.

# Customer Success Report Ranking Methodology

The FeaturedCustomers Customer Success ranking is based on data from our customer reference platform, market presence, web presence, & social presence as well as additional data aggregated from online sources and media properties. Our ranking engine applies an algorithm to all data collected to calculate the final Customer Success Report rankings.

**The overall Customer Success ranking is a weighted average based on 3 parts:**

## CONTENT SCORE

- ✓ Total # of vendor generated customer references (case studies, success stories, testimonials, and customer videos)
- ✓ Customer reference rating score
- ✓ Year-over-year change in amount of customer references on FeaturedCustomers platform
- ✓ Total # of profile views on FeaturedCustomers platform
- ✓ Total # of customer reference views on FeaturedCustomers platform

## MARKET PRESENCE SCORE

- ✓ Social media followers including LinkedIn, Twitter, & Facebook
- ✓ Vendor momentum based on web traffic and search trends
- ✓ Organic SEO key term rankings
- ✓ Company presence including # of press mentions

## COMPANY SCORE

- ✓ Total # of employees (based on social media and public resources)
- ✓ Year-over-year change in # of employees over past 12 months
- ✓ Glassdoor ranking
- ✓ Venture capital raised

## Award Levels

### MARKET LEADER

Vendor on FeaturedCustomers.com with substantial customer base & market share. Leaders have the highest ratio of customer success content, content quality score, and social media presence relative to company size.

### TOP PERFORMER

Vendor on FeaturedCustomers.com with significant market presence and resources and enough customer reference content to validate their vision. Top Performer's products are highly rated by its customers but have not achieved the customer base and scale of a Market Leader.

### RISING STAR

Vendor on FeaturedCustomers.com that does not have the market presence of Market Leaders or Top Performers, but understands where the market is going and has disruptive technology. Rising Stars have been around long enough to establish momentum and a minimum amount of customer reference content along with a growing social presence.

“With Alertus Desktop Notification, employees know they’re not going to get a desktop message about something minor like a company cookout. Having this separate mass notification tool has helped us to better differentiate between our routine internal communications and our critical employee safety communications.”

BRANDON ROGERS  
LOSS CONTROL SPECIALIST, COBB ELECTRIC  
MEMBERSHIP CORPORATION

“With the Alertus System, we have the advantage of notifying a portion of a facility, the entire facility, or ALL of our facilities. We can target individual computers, teams, or sections within a facility. We were hoping for system-wide notification that gives us control, and we have achieved that with Alertus.”

CHARLES PICKETT  
EMERGENCY MANAGEMENT SPECIALIST, VETERAN  
AFFAIRS (VA) TENNESSEE VALLEY HEALTHCARE SYSTEM

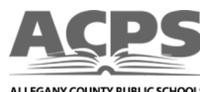

“Working with Alertus has been seamless, from the simple implementation and training, to support from my account representative. He noted that unlike other “clunky” applications, Alertus is straightforward to use. It calms the noise when you can simplify a system to be able to notify for a number of reasons.”

IAN MOORHOUSE  
CHIEF OPERATING OFFICER, THE WHEELER SCHOOL

“We chose Alertus because we had the opportunity to see it in action in the neighboring city of La Porte, Texas. Since they had utilized it to great success, we decided to implement it as well.”

“Contra Costa County’s emergency alerting system was the first of its kind. At the time, there wasn’t anything like it. There wasn’t anything in the alerting community that would take all the different modalities, vendors, and communication channels and connect them through a single platform.”

KATIE HAUN  
ACCOUNT RELATIONSHIP MANAGER, CONTRA COSTA COUNTY’S OFFICE OF EMERGENCY SERVICES

“Our job is to provide physical security for the storage, transportation, and usage of nuclear material. To that end, we deploy many highly trained firearms officers across nuclear sites throughout the United Kingdom. We also support local police forces from minor incidents up to national emergencies.”

JOSEPH SHEARER-RUST  
RESILIENCE OFFICER, CIVIL NUCLEAR CONSTABULARY

“AWS 2.0 demonstrates the adoption of an innovative network-centric security and emergency communications system that can reach 50,000 USCG personnel and maritime industry members in minutes, thereby greatly enhancing the USCG’s ability to accomplish its many missions.”

TED KIM  
COMMANDER, U.S. COAST GUARD

“It’s a great improvement to our former manual notifications. Prior to AtHoc, it could take us hours or even days to accomplish 100-percent notification. Now we can achieve positive contact in mere minutes.”

## FEATURED TESTIMONIALS

*“Before we used DialMyCalls, we used normal landlines and cell phones. And we would contact all our employees by calls and text messages. It was literally just calling down a list asking the same questions to every single employee.”*

BRIGITTE TRIBBLE  
DIRECTOR OF OPERATIONS, THE SERVICE COMPANIES

*“I can record a DialMyCalls [message] and upload my list and send that out in less than 20 minutes.”*

LINDSEY ROBBINS  
CHILDREN'S VOLUNTEER DIRECTOR AND MINISTRY  
COORDINATOR, VICTORY WORLD CHURCH

*“What we did [before DialMyCalls] is we would contact our clients via the desk phone or by mail.”*

DENISE BUCKNER  
OFFICE MANAGER, WCA WASTE CORPORATION

*“With DialMyCalls, you can easily upload contacts and groups for mass calling.”*

TRACY HARDNEY-SCOTT  
CHIEF OPERATING OFFICER, GRIDIRON  
DEVELOPMENTAL FOOTBALL LEAGUE
