

Enterprise Video Platforms Category

WINTER 2026
Customer Success Report

Enterprise Video Platforms Category

Video platform software allows you to upload and store videos which can be viewed by others. These sites provide viewer restriction features, so you can decide who to give access to specific videos. Plus, they have embedding functionalities which enable you to integrate videos into presentations, instructional videos, and websites.

Video platform software also provides a search function and tags to assist visitors to find the videos they want. This tool is used by culture, marketing, and content teams in a company to store and share video content with their colleagues and clients.

Customer Success Report Ranking Methodology

The FeaturedCustomers Customer Success ranking is based on data from our customer reference platform, market presence, web presence, & social presence as well as additional data aggregated from online sources and media properties. Our ranking engine applies an algorithm to all data collected to calculate the final Customer Success Report rankings.

The overall Customer Success ranking is a weighted average based on 3 parts:

CONTENT SCORE

- ✓ Total # of vendor generated customer references (case studies, success stories, testimonials, and customer videos)
- ✓ Customer reference rating score
- ✓ Year-over-year change in amount of customer references on FeaturedCustomers platform
- ✓ Total # of profile views on FeaturedCustomers platform
- ✓ Total # of customer reference views on FeaturedCustomers platform

MARKET PRESENCE SCORE

- ✓ Social media followers including LinkedIn, Twitter, & Facebook
- ✓ Vendor momentum based on web traffic and search trends
- ✓ Organic SEO key term rankings
- ✓ Company presence including # of press mentions

COMPANY SCORE

- ✓ Total # of employees (based on social media and public resources)
- ✓ Year-over-year change in # of employees over past 12 months
- ✓ Glassdoor ranking
- ✓ Venture capital raised

Award Levels

MARKET LEADER

Vendor on FeaturedCustomers.com with substantial customer base & market share. Leaders have the highest ratio of customer success content, content quality score, and social media presence relative to company size.

TOP PERFORMER

Vendor on FeaturedCustomers.com with significant market presence and resources and enough customer reference content to validate their vision. Top Performer's products are highly rated by its customers but have not achieved the customer base and scale of a Market Leader.

RISING STAR

Vendor on FeaturedCustomers.com that does not have the market presence of Market Leaders or Top Performers, but understands where the market is going and has disruptive technology. Rising Stars have been around long enough to establish momentum and a minimum amount of customer reference content along with a growing social presence.

2026 Customer Success Awards

ABOUT BRIGHTCOVE

BRIGHTCOVE®

Brightcove Inc is the leading global provider of powerful cloud solutions for delivering and monetizing video across connected devices. The company offers a full suite of products and services that reduce the cost and complexity associated with publishing, distributing, measuring and monetizing video across devices. Brightcove has more than 5,000 customers in over 70 countries that rely on the company's cloud solutions to successfully publish high-quality video experiences to audiences everywhere.

FEATURED TESTIMONIALS

“Brightcove Once eliminated the obstacles we faced in reaching all the devices our viewers use to consume video content and allows us to insert-multiple pre-rolls and mid-roll ads into our long form content at natural ad breaks. This has given us the ability to deliver a great user experience, while maximizing our profitability and creating revenue streams where they didn't exist.”

GARY DELFINER
SENIOR VICE PRESIDENT, DIGITAL DISTRIBUTION,
SCREEN MEDIA VENTURES, POPCORNFLIX

“Video Cloud gave us many benefits over other platforms, such as the ability to create multiple players for our various content outlets. We can control player design, content overlays and targeting to retain the viewer in the ecosystem we control. And, the read APIs have continued to enhance our delivery strategy.”

CRAIG SAWYER
CREATIVE DIRECTOR, BLUE JUICE

“Having the ability to be creative with our playlists has helped us to provide new video experiences for our job seekers that we might not have otherwise thought possible if it weren't for the breadth of features that Brightcove offers.”

RANDY WHITE
GENERAL MANAGER, CAREERBUILDER

“Brightcove Video Cloud is very clearly the best choice. It allows us look at the video asset itself as an opportunity for engagement to happen.”

JAY BASNIGHT
SENIOR DIGITAL MARKETING MANAGER, PUMA

FEATURED TESTIMONIALS

“I have always been a strong believer in the engaging power of video. Oracle was an early adopter of video technology, and we rely heavily on Kaltura's platform for a wide range of use cases. Kaltura's video tools that power our internal and external video portals, webcasting, and video messaging, are very popular and widely adopted at Oracle.”

CHRIS STONE
SENIOR VICE PRESIDENT, ORACLE

“In Kaltura, we found not just a video player, but a suite of tools that leveraged what video could do for us. [We deliver] engaging video content to the user, but also enable them to dive in deeper with engagement features, [giving them] a choice in how they want to take that content consumption journey to achieve their goals.”

REXSON SERRAO
SENIOR DIRECTOR, MARKETING TECHNOLOGY,
SALESFORCE

“We had always struggled to find a reliable system which would allow students to quickly and easily upload their video projects and that would link with MOLE for the delivery of marks and feedback to students. Kaltura has provided this solution for us.”

MATT ROBSON
LECTURER, DEPARTMENT OF JOURNALISM, UNIVERSITY OF SHEFFIELD

“On average, the cost of a video tops \$5,000. Logistically, having to pull people from different areas and hiring a video crew is not always feasible.”

KELLEY WOOD

FEATURED TESTIMONIALS

“That’s what we’d been doing with our video specialist team. Sessions were recorded to an internal file share, then the video was pulled out of that and given over to the specialists. They’d turn it around in a different program, produce the video, add slides, and append an index. The video was a great resource, but the whole process took 10-12 weeks now we get all that from Panopto in a one-touch recording.”

KEN DAVIS
SENIOR LEARNING TECHNOLOGY SPECIALIST,
QUALCOMM INC.

“Panopto is very easy to use – it’s so simple to record, edit and share video content using the system. This ease-of-use will really help us boost uptake of the solution amongst our staff. It’s a relief that you don’t have to be an IT guru to be able to understand it.”

CHRIS NEWSOME
LEARNING AND DEVELOPMENT CONSULTANT, CITY AND
GUILDS

“Panopto helps us organize, store, and deliver video so that anybody in any office can find any training materials they wish and can watch it.”

JULIE O'BRIEN
ATTORNEY DEVELOPMENT MANAGER, PERKINS COIE

“Panopto is a really great partner and I just can't wait to see where they take us.”

ABOUT BONJORO

Bonjoro is building the world's first Customer Delight platform to help great teams build real relationships with their customers at scale. Originally developed as their own customer success hack for their last business overnight, Bonjoro tripled their response rates vs. automated emails (see their final version of Bonjoro here). Two years later, thousands of businesses across the world use Bonjoro to spark meaningful conversations and powerful, lasting relationships with their customers too. And the journey has only just begun.

“What’s up man! Love the personal touch with Bonjoro. Just sent this to my VP of Sales and told him we need all sales reps doing this after they get an inbound MQL! Would love to have a quick chat with you to discuss an engagement. Worst case scenario, we teach each other something about marketing.”

JOE
MAJIK MARKETING

“I use testimonials to get member feedback - both video and text - and to display all this goodness publicly on my website. Impact wise, I find it's just a much easier way to collect feedback and make it public. It's easy to manage, easy to share, and it's easy to leave a glowing review!”

CHLOE MARKHAM
CHIEF EXECUTIVE OFFICER, THE YOGA REVOLUTION

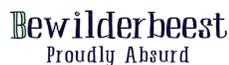

“Bonjoro is a program that allows you to invest less than a minute of your time and at the same time get a massive return from your customers.”

JACOB BOCK
DIRECTOR, ONTHEREDBOX

“Bonjoro is amazing, I'm using it in conjunction with a Patreon page I started a couple of weeks ago. The app is wonderful.”

ABOUT DACAST

Dacast is a professional online video platform that allows businesses to broadcast and host live and on-demand video content. By leveraging the cloud through CDNs Akamai and Limelight, Dacast takes the headache out of video streaming, leaving content owners and broadcasters to focus on what they do best. Trusted by over 300,000 broadcasters, Dacast's white-label, all-in-one (monetization, analytics, security, and more...) video streaming platform allows content owners and broadcasters to be in total control of their online video content for an affordable...

FEATURED TESTIMONIALS

“One of the great benefits of uStudio is that it's instantly a cloud-based back-up of all of our submissions. This really came in handy when we wound up having a corrupt file, so we were able to go into uStudio and stream it live in HD from the uStudio HTML5 player projected onto a movie screen.”

AARON BRAMLEY
EXECUTIVE DIRECTOR, LIGHTS CAMERA HELP

“The analytics in uStudio has helped me forward the strategy for digital overall. We now have video data that we can report back on. That's something we never had before.”

COLLEEN BATTLE
GLOBAL DIGITAL MARKETING MANAGER, ALCON NOVARTIS

“I value uStudio as a tool and personally think it's the greatest thing to happen to web video since YouTube.”

AARON LAUB
PRODUCER, VAIL RESORTS

“uStudio essentially showed up and saved the day. This is the dream product we have been waiting for.”
