Lease Administration Software Category

WINTER 2026
Customer Success Report

Lease Administration Software Category

Lease administration software, sometimes referred to as lease management software, is designed to assist entities that lease or rent property, equipment, or other goods in maintaining smooth operations. This software provides a centralized database of information regarding said property, including financial information, legal specifics, and contract terms; in many cases, the software allows for automation of numerous aspects of lease management including expense tracking, renewal details, and lease buyouts.

Customer Success Report Ranking Methodology

The FeaturedCustomers Customer Success ranking is based on data from our customer reference platform, market presence, web presence, & social presence as well as additional data aggregated from online sources and media properties. Our ranking engine applies an algorithm to all data collected to calculate the final Customer Success Report rankings.

The overall Customer Success ranking is a weighted average based on 3 parts:

CONTENT SCORE

- ✓ Total # of vendor generated customer references (case studies, success stories, testimonials, and customer videos)
- ✓ Customer reference rating score
- ✓ Year-over-year change in amount of customer references on FeaturedCustomers platform
- ✓ Total # of profile views on FeaturedCustomers platform
- ✓ Total # of customer reference views on FeaturedCustomers platform

MARKET PRESENCE SCORE

- ✓ Social media followers including LinkedIn, Twitter, & Facebook
- ✓ Vendor momentum based on web traffic and search trends
- ✓ Organic SEO key term rankings
- ✓ Company presence including # of press mentions

COMPANY SCORE

- ✓ Total # of employees (based on social media and public resources)
- ✓ Year-over-year change in # of employees over past 12 months
- ✓ Glassdoor ranking
- ✓ Venture capital raised

Award Levels

MARKET LEADER

Vendor on FeaturedCustomers.com with substantial customer base & market share. Leaders have the highest ratio of customer success content, content quality score, and social media presence relative to company size.

TOP PERFORMER

Vendor on FeaturedCustomers.com with significant market presence and resources and enough customer reference content to validate their vision. Top Performer's products are highly rated by its customers but have not achieved the customer base and scale of a Market Leader.

RISING STAR

Vendor on FeaturedCustomers.com that does not have the market presence of Market Leaders or Top Performers, but understands where the market is going and has disruptive technology. Rising Stars have been around long enough to establish momentum and a minimum amount of customer reference content along with a growing social presence.

FEATURED TESTIMONIALS

❝Lease Accelerator is an amazing tool that has helped our company with implementing the new lease accounting standard this year (ASC 842). Our implementation team has helped immensely with helping us configure our system and getting familiar with the tool. I like that the tool is very user friendly and I have the accessibility to the pull several reports that are needed by upper management. I can find answers to questions pretty quickly with just a click of a button. Our weekly calls with the LA...❞

CONSUMER GOODS COMPANY

❝In the first 18 months, through LeaseAccelerator's RFP process, we have successfully competed and awarded $41.7MM of equipment leases and lease-lines (including forklifts, automobiles, IT/servers, furniture, fixtures, broadcast/audio-visual, heavy equipment, etc.) in several countries and generated over $2.7MM of realized savings, which is an ROI of 12.8%.❞

CAROL PENNINGTON
DIRECTOR, TREASURY PROJECTS, CUMMINS

❝We chose LeaseAccelerator because their technology and expertise delivered substantial visibility and savings to our capital expenditure finance processes.❞

DALE REID
TREASURER, CHIEF FINANCIAL OFFICER, ALLEGHENY TECHNOLOGIES INCORPORATED

❝My implementation engineer was AMAZING. He was technical, available, knew lease accounting, understood the math on the back end, and knew the system inside and out.❞
